ATHARVA INGALE

Pune, India 411001 | ingaleatharv3@gmail.com | +917498117378

Effective and self-motivated Computer Science Engineering student with a passion for full-stack web development and solving real-world problems through technology. Currently building and managing multiple self-initiated projects like " *Inspira Grid* " independently handling everything from design and development to deployment. Skilled in working autonomously with a strong ability to learn quickly, stay organized, and deliver functional solutions. Committed to continuous improvement and contributing meaningfully to future tech-driven environments.
